## Health Connected “Teen Talk Middle School” Curriculum Preview

This session is designed to support students' health education while providing families with the tools and information to support their child's learning. Parents and guardians will learn about the *Teen Talk Middle School* Program, its content, and how it aligns with the California Healthy Youth Act. There will also be an opportunity for questions and answers to ensure families feel confident in supporting their child's health education.

For additional support contact Deanna Farias
